

Town Center beautification moves one step ahead

Firemen teach fire safety to 3,000 kids

In observance of National Fire Prevention Week, Oct. 8 through the 14th, Upland firemen, under the direction of Fire Chief Leon G. Lamphear, are conducting a fire safety instruction program, which when complete will involve approximately 3,000 local elementary students.

The program consists of a one hour lecture and demonstrations in the art of fire safety: how to protect oneself in event of fire; comments on the effects of playing with matches; how to notify the department in case of fire and the stressing of fire drills in the student's home.

The children are allowed to see and handle the less dangerous equipment and are instructed in the theories of fires, as to the good fires... those in the household used for cooking and heating and bad fires... those which destroy property and take lives.

The fire prevention program is aimed at the kindergarten through second grade level, an age group which is most sincere in efforts to follow the firemen's instructions.

Each child is given a home inspection form for parents to sign and for the child to return to school. The inspection includes checking into faulty appliance cords and heating filters and the accumulation of trash or combustible materials.

Capt. Paul F. Harmon is in charge of the school program assisted by Fireman G. P. Melendrez, Fireman Raymond Cook and Engineer Norman Taylor.

The daily school schedule is as follows: Monday, Baldy View; Tuesday, Cabrillos and Sycamore; Wednesday, St. Joseph's and Magnolia; Thursday, Citrus and Valencia; Friday, Sierra Vista and Monday, Oct. 16, Football Knowles.

Chief Lamphear has made an appeal to all Upland residents to check their homes in preparation for the cooler weather when heating systems will come into use. He suggests that all heating equipment be thoroughly cleaned and reminded those residents using fireplaces in their home to check the damper, which may be closed after a summer of non-use.

Chief Lamphear stated that his department would be more than happy to assist residents with questions or problems concerning fire safety and invites the public to pick up the phone and give the department a call.

FIRE PREVENTION WEEK -- Fireman, George Melendrez, far left and Fire Marshall, Capt. Paul Harmon, center, are seen above demonstrating fire fighting equipment to small-fry residents of Upland, in observance of National

Fire Prevention Week. The local fire department has been responsible this week for hour long demonstrations in fire safety at each of the city's elementary schools.

Bids called, public hearing date set

Upland's Town Center Beautification project was moved a step nearer reality Tuesday when City Council adopted a series of resolutions setting the mechanics of the project into motion.

Council, in rapid fire order, approved final plans, boundaries, called for bids and set the date for the required public hearing on the estimated \$285,000 project.

City Council will meet again Tuesday, Oct. 24 to adopt a Resolution of Intention to establish the Upland Town Center Improvement District. The Council set November 28 as the date for a public hearing to give property owners and any interested persons an opportunity to be heard concerning the establishment of this district.

It is this district which will finance the project by

special assessment of the adjoining properties.

Originally it had been recommended that the public hearing be set for Nov. 21, with the bids to be opened ahead of that time, but to give contractors more time to whip up their proposals, Council accepted the recommendation of City Engineer Fred Blanchard, for a Nov. 22 bid opening date and a Nov. 28 public hearing.

Blanchard told Council the change would mean only a two-day delay in starting the work.

Boundaries for the Upland Town Center Beautification are Second Ave. from "A" St. to "C" Street and Ninth St. from First Ave. to Third Ave., excluding public parking lots.

The beautification program will include the reconstruction of certain streets and alleys, the resurfacing of others and the planting of street trees, shrubs and flowers.

A promotional kiosk will be constructed at the intersection of Second Avenue and Ninth Street. Ornamental lights, decorative masonry, and stone materials will be used to beautify access from the parking lots to the Town Center.

A masonry identification sign landscaped with fully grown trees and other landscape materials will be located at each of the four entrances to the Upland Town Center.

What City Council did in 10 minutes Tuesday at the 5 p.m. meeting actually was the culmination of a year's work.

Working closely with the City on the Project is the Downtown Revitalization Committee formed by the Chamber of Commerce and headed by Roger Olson. In addition to business interests, municipal government is represented on the committee.

After the mall is constructed on Ninth St. and Second Ave., merchants in the area will continue to promote the prosperity of the Downtown Shopping Center.

Four additional parking areas are to be added to the existing downtown free public parking, to provide sufficient easy parking close to shopping.

Properties are in escrow and other negotiations are being carried on for the increased parking.

Ferguson appointed

Ray W. Ferguson of Ontario, vice president of the Chino Basin Municipal Water District, has been appointed to the State Water Commission.

His name was submitted by Assemblyman John Briggs of the 35th District and Sen. William E. Coombs, 20th District.

Ed Brannen appointed

Ed W. Brannen has been appointed director of advertising for the Upland News, Cucamonga Times and Montclair Tribune.

Brannen comes to this area with a wide background of newspaper and newspaper experience, including ownership of one of the Bay Area's leading advertising agencies, Brannen & Co. of San Jose.

His firm specialized in home building and community development marketing and merchandising and won national recognition for its work.

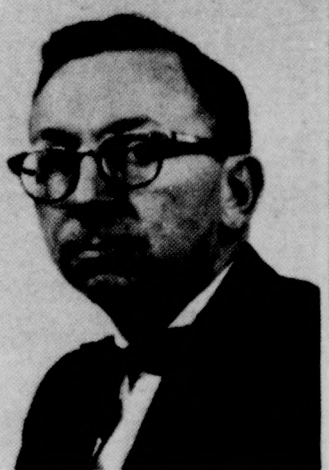

Previously Brannen had been associated with the San Jose Mercury News.

When I visited this area a few weeks ago, I saw here solid growth communities that fortunately still maintained a "hometown" environment. Sensibly planned growth by local agencies appears to ensure this pattern will be perpetuated," stated Brannen. "Now I am anxious to participate, along with our newspapers, to help preserve this feeling."

"We have three fine local newspapers featuring 'hometown' news - commercial messages from 'hometown' stores - and the

opportunity to serve the community and aid in preserving this truly American way of life," he said.

Brannen has a daughter, 20, with Wells Fargo Bank

in San Francisco, and a married son, Robert, 21, of Los Gatos who is completing his training to be a commercial airline pilot.

Ed Brannen was active in the Willow Glen (San Jose) Lion's Club, a member of the Los Gatos Methodist Church and sponsor of Los Gatos' first Pony League baseball team.

'Free vacation' sale now double event

Some dates and a few other details have changed, but that free vacation for some Downtown Upland shopper at Holiday Village on Mission Bay, San Diego, is still in the offing.

In order to give merchants in Downtown Upland a chance to better prepare for "October Value Days" the dates were changed.

"October Value Days" dates are Thursday, Friday and Saturday, Oct. 26, 27 and 28, and:

A "Sidewalk Sale" has been added Friday and Saturday, Nov. 3 and 4, making a 10-day event.

Who the shopper will be who will get a free week-end vacation for two at Vacation Village will be determined at the Grove Theater on Nov. 4. Coupon boxes will be located in cooperating business places throughout the double-sale period.

Included in that vacation package will be air travel on Bonanza Airlines, a harbor cruise, golfing, complimentary tickets to jai alai games and Caliente race track in Tijuana, plus cash spending money.

Downtown Upland Merchants Association has joined the Upland News in making the event possible.

Lions to sell canes

Upland Lions will be out in force for the blind, Friday and Saturday, Oct. 13-14, in a White Cane drive on the community level.

"When you wear a miniature White Cane you can be certain that your gift will help the sight deficient," Breakfast Lions club president Kenneth Asper said.

To help the blind, the Upland club in the past six months presented tape recordings to the Pomona Valley Transcribers Guild and the Blind Unit of Pacific State Hospital. The Transcribers Guild is headquartered at the Upland Library. The club has also made cash donations to CARE to aid the blind abroad.

Upland's sales rise in second quarter

Taxable sales in Upland rose to \$7,280,000 during April, May and June of this year, up 6.4% or \$440,000 over the like period of 1966, according to the State Board of Equalization.

That increase was registered while San Bernardino County as a whole dropped from \$223,396,000 to \$212,268,000 a loss of \$11,128,000 compared to the second quarter of last year.

San Bernardino was one of the 80 % of the counties in the state that did register a loss compared to the second 90 days of 1966.

The sales tax was the old four cents on the dollar at the time. Because of the change, the State Board of Equalization said in its quarterly summary that it will probably be impossible to make a comparative compilation starting with the third quarter of 1967, for each class of business in cities as in the past.

Upland retail sales showed a drop of \$116,000 below the second quarter of 1966, but "all other outlets" reported an increase of \$556,000. "All other outlets" was not defined.

Some retail categories did

show an increase: general merchandise stores, drug stores, food stores, packaged liquor stores, home furnishings and appliances and service stations.

But reporting decreases were apparel stores, eating and drinking places, building material and implements, and auto dealers and auto supplies.

Two many

Arrow Highways to remain as is

It looked at one time as if Montclair and Upland City Councils were on the same road to settling the problem of too many Arrow Highways, too close together, but after a meeting between Council representatives of the two cities, it looks as if the two Arrows and their confusion will remain as is forever.

Representatives of the two council met for lunch, and as one Montclair Councilman put it, "We decided to compromise -- and leave things as they are."

The two Arrows are half mile apart, and their proximity the bane of businessmen on both, because a person looking for one often finds only the other, not

realizing there are two, a short distance apart.

There was talk about the two cities putting up signs to make things clearer to strangers, but what form they will take and when, was not revealed. The signs are not all up at the moment.

One somewhat favored proposal was for Upland to use 10th St. as a name west of Benson, and Arrow east of that, and Montclair using Arrow west of Benson.

Attending the luncheon that buried the idea of a solution to the problem were Upland Councilmen Ronald (Mike) Rossiter, who lives on Upland's Arrow Highway, and Zella Stone, and Upland city manager Edwin Alder.

Upland Boys Club--a going concern

Thirty-six volunteers are presently enrolled in the fall activities at Boys' Club of Upland.

Located on 2-1/2 acres with three buildings and a 90-yard football field, a paved outdoor full basketball

court, a softball area and volleyball and tetherball.

Jim Price the Director looks with pride at the accomplishments that have occurred over the past year.

Upland-Ontario Junior Chamber of Commerce pro-

moted the newly grassed football field and had the help of the City of Upland and the engineers from the California National Guard.

Breakfast Kiwanis club put in the paved outdoor full court basketball area, the

engineers from the San Antonio Hospital painted the front building. The Kiwanis Club of Upland painted the second building, put a roof on it and installed a heater inside. Zonta club installed a heater inside.

Breakfast Lions Club is installing a roof on the main building, the Lions Club of Upland supported and gave equipment toward the Boys' Club Boy Scout troop. Rotary club has donated towards the upkeep of the buildings and the program and many smaller clubs and individuals have contributed much time toward the program.

President of the Boys' Club board of directors is Charles Toole. The board now numbers some 45 men (active business and professional men in the community).

The fall program has three days for reading help programs, woodworking, art, crafts, boxing, flag football, basketball, keystone club for high school boys, boy scout troop, cub pack, and general recreation with pool, ping pong, badminton, box games, handball, and rock and roll

records played nightly.

Volunteers in the program are Dick Hughes, boxing; Terry Fillmore, scouts; Mrs. Harrison from the Episcopal Church and 17 high school boys and girls for the Tuesday evening reading program, seven Methodist women for Cub Pack, reading program; Howard Rowland, woodworking; two high school boys coaching football, and in the girl's auxiliary program volunteer Directors Shirley Gaudlet and Carolyn Cleveland with other volunteers for programmed activity; Mrs. Ann Best, Kathy Cleveland, Mrs. Dale Dumm, Mrs. Fern Risner, Mrs. Mel Heckert, Mrs. Renaldi, Mrs. Barbara Wilson, and Mrs. Pitts.

The boys earn service hours by helping clean the buildings and grounds for trips, parties, and special events.

A special football squad of 11 men was formed for games with some area schools.

Members of this team are Manuel Contreras, Captain; Tony Loya, manager; David Ronquillo, Danny Contreras, Mario Leon, Ray Leon, Tony

Caldera, Essey Garcia, Henry Angulano, Frank Zamora, Ricky Holquin, and Richard Armondo.

Girls' activities are presently programmed so as not to conflict with the boys. The girls meet in separate buildings, usually in the afternoon. Their schedule is Monday

day sewing for junior and senior groups; Tuesday organized games and cooking; Wednesday Girl Scouts and reading help program; Thursday sewing and modern dance class.

Girls also have service projects. Nine girls attended camp this summer after

completing required service hours of work. Last Saturday the girls helped paint Building C. And last Tuesday, Oct. 3, 25 dozen oatmeal cookies were made by the cooking class. Thirty-five girls are presently enrolled in the program with 10 volunteers helping.

ONE OF THE ACTIVITIES of Upland Boys Club is football. Director Jim Price is coaching his young charges, whipping them into a flag team willing to take on some of the school teams in the area. Both elementary and junior high age teams are practicing.

CLEANING UP their own football field, during a break from practice, boys at Upland Boys Club do a little rock picking. Newly seeded field has plenty to keep boys busy, so every day of practice a few more rocks are cleaned off, with youthful enthusiasm, not to say exuberance.

Altrusa International to Establish Local Club

The cities of Upland and Ontario have been selected by Altrusa International Inc., the oldest of the women's classified service clubs for the establishment of an Altrusa Club.

Mrs. Edna B. Hazen, Altrusa International Field Representative, now in town to interview women who are leaders in their respective vocations, explains that Altrusa membership comprises one outstanding representative of each classification of business or profession. In this way, Altrusa focuses a diversity of leadership ability on community needs.

Mrs. Hazen has scheduled the first meeting of approximately 15 members for 7:30 p.m., Wednesday, Oct. 11, at the home of Mrs. Hazel Henderson, 116 E. Fourth St., Ontario. Anyone interested in joining the group may contact the field representative at 986-4772.

Establishment of Altrusa here should add a new dimension of voluntary service to this community as Altrusa's planned program calls for a local club's engaging in services that are not being provided by any other agency or civic group.

Such services, throughout Altrusa's 552 clubs in thirteen countries, include job forums for older workers, programs to employ the physically handicapped, safety programs, citizenship classes for immigrants, assistance to recovered mental patients, person-to-person programs and projects for international students and visitors.

Altrusa was founded April 11, 1917 in Nashville, Tennessee. Altrusa derived from "altruism", is as its name implies, devoted to the interests of others, and is non-partisan and nonsectarian.

Over the years, the organization has grown to 552 clubs and 18,000 members in Australia, Bermuda, Canada, England, Guatemala, India, Ireland, Mexico, the Philippines, Puerto Rico, Scotland, New Zealand, Scotland, New Zealand, and Wales, and the United States.

Altrusa is especially

known for two major projects which are financed by the Altrusa International Foundation, Inc. One is Grants-in-Aid, in operation since 1945, and unique in that it financially rescues graduate

women of Asia, Africa, Australia, Latin America, New

Zealand, and the Middle East, when funds they counted on seeing them through a graduate degree are depleted.

Grants of from \$250, to \$1,000, are given outright to enable the recipients to complete higher degrees and return home with the skills needed to better living conditions for their fellowmen.

Annual allocations to Altrusa Grants-in-Aid average around \$35,000.

The other project, Founders Fund Vocational Aid, in operation since 1952, is also unique in that the awards of \$50, to \$250, are given to women of all ages, regardless of educational background, who need training to qualify for employment, retraining to move to a skilled occupation, equipment to start a business, or personal rehabilitation, such as dentures, hearing aid, wheel chair etc.

Some \$32,000, is given each year through local Altrusa Clubs. The 1966-67 allocation is \$33,000.

One thing a family should not expect the funeral director to do is to suggest the cost of the funeral to be selected. His advice may be invited, but the decision rests with the family. The financial aspects must of necessity be candidly discussed, to avoid hardship and to have complete understanding by all concerned.

Business and Professional Women's Week

"Plan For Progress . . . All Systems Go." The National Federation of Business and Professional Women's Clubs progressive theme sets the pace for National Business Women's Week, October 15 through 21.

The purpose of the week is to spotlight the achievements and contributions of working women in all phases of social, economic, cultural, business and professional life; to create a better understanding of the goals of working women,

their needs and ambitions. An annual event since 1928, National Business Women's Week is sponsored by the National Federation of BPWC, Inc., whose objectives are: To elevate the

standards for women in business and the professions; To promote the interest of business and professional women; To bring about a spirit of cooperation among business and professional women.

similar statement being issued by Governor Ronald Reagan for the State of California which states: The 17,000 members of the California Federation of Business and Professional Women's Clubs are representative of the hundreds of thousands of working women in the Golden State. In addition to occupying an important position in our business community, California's working women are now increasing their role in government.

Since NBWW is a time for working with other organizations, BPW Clubs throughout the National Federation will sponsor programs, inviting and encouraging all career women's groups in the community to participate. The clubs will also honor leaders in business, their community and world affairs.

Today, it is the well-educated, well-informed woman who is sought out by business and the professions who is offered the chance to reach the top. Working women realize they must not stand idle; they are striving to increase their worth to business by developing their abilities through professional reading, adult education courses, technical training, business training . . . in brief, continued educational effort.

Every phase of women's development . . . economic, social, cultural, business and professional life has received consideration and aid from the National Federation of Business and Professional Women's Clubs. From personal development to the study of world affairs it has historically provided its members with necessary information and instruction.

The National Federation's theme, "Plan for Progress . . . All Systems Go", emphasizes the promotion of a variety of projects and programs to provide for even greater utilization of individual, community, national and international resources.

Norma Yocum to speak at BPW dinner

Norma Yocum, former mayor of Alhambra, will be the guest night speaker at the October 12 dinner meeting of the Upland Business and Professional Women's Club, which will mark the beginning of the club's observance of National Business Women's Week.

Mrs. Yocum served three terms with the Alhambra City Council and her all male fellow-councilmen elected her to the office of Mayor three times. She is co-owner with her husband in the Sam Yocum Office Equipment Company.

Norma Yocum

Mrs. Yocum has received many honors, such as the Citizenship Award by the Civitan Club; "Man of the Year" by B'nai B'rith; Jaycee of the Year by the Junior Chamber of Commerce, and Mother of the Year, by the Chamber of Commerce and the L. A. Downtown Business Men's Association.

She was Founder-President of the San Gabriel Council of Church Women, has served as President of the Alhambra Coordinating Council, the L. A. County Federation of Coordinating Councils; the L.A. County Recreation Advisory Committee, and California Library Trustees Association.

She is a member of the Alhambra Business and Professional Women's Club, and was a BPW sponsored candidate for the 45th Assembly District in the last state election. She is in constant demand as a speaker on civic affairs because of her many experiences during her years as a mayor of one of California's major cities.

RECOGNITION -- for the Upland Business and Professional Woman's Club is given in the form of a proclamation being signed above by Mayor James Christensen, proclaiming the week of Oct. 15 through the 21st at Upland's week to appreciate the ranks of working women. Seen with Mayor Christensen at the right is Mrs. Robert M. Conway, president of the local club.

Patroness Tea Held

"Dear Helen," the note began. "We are leaving on a two-month Mediterranean and European trip so I won't be here for the Patroness Tea. I wanted to send my contribution nevertheless before I left."

This note was received in mid-August by Mrs. Thomas Carnesi, treasurer of Assistance League of Upland, almost two months before the League's annual Patroness Tea and a month before invitations were mailed.

"We are gratified to have such loyal community support," said Mrs. John W. Mortensen, League president.

The tea was given Wednesday, Oct. 11, at the League Center in Cucamonga. Mrs. Raymond W. Fischer was tea chairman, with Mrs. Alan Swinler, co-chairman.

Guests attending the tea or women wishing to become patronesses make financial contributions which help support League's two main philanthropies, Girls' Club of Cucamonga and San Antonio Community Hospital.

Youngsters upset by quarrels of their parents have higher accident rates than those in a serene household. Parents should try to keep arguments to a minimum and out of the hearing of the children.

Dental Center. The entire active membership of League and its 9 provisional members honored the patronesses from 3 until 5 p.m. Provisionals include the Mmes. A. E. Two members of Girls' Club as well as League members, were on hand in the Jerene Appleby Harnish Wing of the League Center as guests toured the Girls' Club. Assistants planned a special display on a Girls' Club bulletin board for the tea, according to Mrs. Fred Dischinger, Assistant coordinator.

Mr. James Carter provided background music on the piano during the tea. He is music instructor at Veron Junior High School.

Reading tests being given

The month of October is a very busy month in the elementary schools of Upland. In addition to making the final adjustments in the instructional program and pupil schedules, the sixth grade teachers will be conducting a reading and ability testing program under the supervision of D.L. Shattuck, Director of Psychological Services, and the building principals.

The school district believes that regular evaluation of the academic level of pupils should be an integral part of effective teaching. Mr. Shattuck states that most of these evaluations are in the form of teacher-made tests, but he also emphasized that a standardized, nationally used survey type of academic measurement has its rightful place in the total instructional program.

The reading-learning ability testing at 6th Grade level is mandated by the State Legislature, implemented by the California Department of Education.

Chaffey Community Art schedules craft show

Robert Smith, art instructor at Chaffey College is chairman for a Craft Show, sponsored by the Chaffey Community Art Association, to be held Saturday and Sunday Oct. 14 and 15.

The exhibit will be held from 12 noon until 4 p.m. both days at the Ontario Parks and Recreation De-

partment building, craft cell and on the lawn.

The craft categories will include sculpture, enamel work, jewelry, pottery, ceramics, weaving and stitching.

"The show is being held to encourage artists of three-dimensional crafts to exhibit their work and to give young

people contact with the art world," Mr. Smith states.

One of the features of the exhibit will be the work of Larry White of Alta Loma, which displays the part that crafts play in today's world.

Entries are open to the public and special group exhibits will be displayed by junior high and high school pupils.

Dennis Van Schuyver is in charge of his division displays for junior high. High school works will be handled by Art department instructors.

Entry blanks will be available at the recreation department building from 9 to 11 a.m. Saturday. A nominal fee for each entry will be charged and the exhibitor will be eligible for prizes and awards. The exhibit is limited strictly to crafts.

This is the inauguration of a craft show to be held annually. The Art Association already sponsors an outdoor show, started in the spring of 1949.

In the future the outdoor show will be limited to a display of paintings and will be held in June.

Bonita next Upland edges Pack, 7-6, first SAL triumph

They were pretty evenly matched, Upland and Claremont, when they played Friday night, but the victory went to Upland because Craig Kogut's kick was good for a point after touchdown, and Claremont's wasn't.

That was in the fourth quarter, and until then both teams fended off the other's offense to keep it 0-0.

It was Upland's 1967 San Antonio League debut.

Upland scored first TD early in the fourth. It was set up by a 39-yard run by Steve Quinn down the sidelines, placing the ball on the

Claremont 12.

A couple of no-go plays followed, then Quarterback Vance Willison hit Quinn near the goal line for an 8-yard TD pass completion that capped a 76-yard goalward drive in eight plays.

Claremont scored on an almost equally long drive, 61 yards in nine plays, and first time around, the Claremont PAT kick was good, but penalties nullified the play, and second time, the kick was wide, and that gave the Highlanders the one-point triumph.

Claremont made another drive and was rolling well until Frank Williams through a hard-hitting tackle at the Wolfpack's Blaine Warhurst, jarring the ball out of his hands, Williams recovered it on the Upland 17.

Jim Cooper was the Upland workhorse ground-gainer, carrying 21 times for 94 yards, and Steve Quinn

added 51 in nine carries.

Willison attempted seven passes, had two intercepted, three completed, two to Dale Magruder for 14 yards and one to Quinn for the TD.

Claremont "won" the game of statistics with 260 yards gained, against 170 for the Highlanders, and according to the statistics, outplayed Upland, except for the PAT department.

Next Friday Upland enters Bonita, who last Friday lost a scoring duel with Chino, 38-27.

Those winning ALHS Braves

Powerful AL Braves wipe Dons, 38-7

Alta Loma High's Braves proved again Friday night they are a power to be reckoned with in the Hacienda League. They walked all over Sierra Vista, 38-7.

Coach Forrest Anderson used the first string to start the game, but relied on a lot of other players to add the frosting to the cake in the second half.

Three touchdowns were racked up by the Braves in the first quarter, and two more were added by the half, when the score was 31-0.

Jeff King scored the first TD on a six-yard ramp at the culmination of a 75-yard drive in only seven plays.

Rocky Long racked up the next score on a nine-yard run around end.

Next it was Steve Williams' turn, and he tore through the middle and over 25 yards of turf for the third tally in the first quarter.

Long took to the air in the second quarter after the faltering Dons tried an on-side kick that gave Alta Loma the

ball on the Don 39.

Long connected to Dan Stevenson for a 41-yard aerial into the end zone, where the receiver made a spectacular diving clutch to save the TD. Long passed again to make the extra point.

King stepped into the quarterback spot and galloped away from the Don defense to rack up a 37-yard TD success.

Grant Hollist saw action in the QB position after the half and managed to move the Braves, but they stalled

once on the SV 3.

Alta Loma's final TD came in the fourth quarter when Rick Downey stole a Don pass and romped 45 yards to paydirt.

But other passing by the Don quarterback, Bernard Garcia, gave the Braves something to work on this week—pass defense.

Garcia passes moved the Dons downfield well.

Passing wasn't enough, obviously, and the statistics show the Braves outdistanced the Dons in every de-

partment except aerials.

The Braves did complete three out of 10 tries for 70 yards, while the Dons were making 113 with 13 completions out of 34 tries.

Nets for rushing were AL 339 and SV 49. Total offense was lopsided, 408 to 182.

Next on the Braves' scalp-ing list is Neff, at 8 p.m. Friday at Chaffey College stadium.

All PW teams win

Sunday, Oct. 8 in the new home field at the Alta Loma High School, three Upland teams won three games.

Hawks

In the Midget division, the Upland Hawks, after a scoreless first quarter, connected on a pass from Rudy Alonzo to Bob Fuentes. PAT no good.

Pomona scored early in the second half on a 90-yard drive and five first downs. PAT unsuccessful.

In the fourth quarter, Upland broke the tie with a long 42-yard run by Raul Abrego. PAT no good. Gary Ware put it on ice late in the fourth quarter on another long run of 37 yards. Neal Boring scored the PAT. Final score 19-6.

Outstanding defensive players on the Upland team were Richard Cramer, Ralph Valadez, and Steve Harness who enabled the Hawks to hold the touch Pomona Bruins to 6 points. Coach Chuck Harness gave praise to his strong left side on offense who sprung his runners, singling out Brian Strawser, Mark Emilio and Don Warner for their fine play.

Chargers

In the second game between the Upland Chargers and the Pomona Bruins, in the PeeWee division ended in the same score 19-6 in favor of the Upland Chargers.

The first quarter was scoreless with 4 penalties called by the refs. Upland had the ball the entire first quarter. Then early in the second quarter, with the ball on the 27 yard line of Pomona, Rocky Chapman threw a pass to David Carter, who scored the first TD with the PAT no good.

The Pomona Bruins scored on their first play after the kick-off with Robert Beauchamp running 26 yards for their lone TD. PAT no good. The Pomona Bruins kicked and recovered a fumble with less than two minutes to half-time and scored another TD which was called back on a holding penalty.

Midway in the third quarter, Bob Rabun threw a 15-yard pass to Rocky Chapman who ran an additional 35 yards for a TD. David Carter's PAT failed.

The Upland Chargers then tied the game early in the fourth quarter when Rocky Chapman ran 40 yards for the TD. David Carter scored with the PAT.

The Chargers again ended the game in possession of the ball and the game.

Coach Dave Zuccolotto praised his entire offensive team, John Neville, Larry McCabe, Dave Zuccolotto, Larry Ardella, Bill Turner, David Howard, Norman Falls, Jim Taylor, Bob Rabun, David Carter and Rocky

T-Birds

The last game between the Upland T-Birds and the Ontario Packers really ended a beautiful day when the T-Birds won 14-0.

In the first quarter Joe McKellar ran 25 yards for a TD. PAT was scored by Charley Perry.

Second and third quarters were scoreless.

The T-Birds iced the game and the cake when Dave Allen ran 40 yards for a TD and Joe McKellar scored the PAT.

Angels vs. Angels

Contest not settled

Frank Denny, executive officer of Angels of California Home Improvement Centers, on the eve of the 1967 world series, denied that the California Angels baseball organization has attempted to purchase the giant California Lumber and hardware organization, reportedly the largest in the state, in an effort to settle the long-standing dispute over use of the name Angels.

The California Lumberman also denied that his organization has settled its dispute with the Anaheim Angels over unauthorized use of the name 'Angels,' despite persistent rumors to the contrary.

Waterfowl season opens on Saturday

California's general water fowl season opens Saturday, Oct. 14, with prospects equal to or slightly better than last year, the Department of Fish and Game reported today.

The shooting starts for the state's estimated 150,000 duck and goose hunters at one-half hour before sunrise, and the season continues through January 7, 1968.

The northeastern area and the area along the Colorado River, with seasons set to coincide with the neighboring states of Oregon and Arizona, get an early start on Tuesday, October 10.

The DFG's annual September waterfowl census of the Central Valleys showed a slight decrease from a year ago, but reports from the breeding grounds for the Pacific Flyway indicate numbers of birds will be equal to or higher than the 1966-67 season.

erfowl hunters bagged an estimated 2.6 million ducks and 400,000 geese.

The limit for the general season area is six ducks a day, six in possession. The same limit applies for geese provided that each limit must contain not less than three white geese and not more than three of the dark species. Hunters should consult the printed regulations for exact geese limits by species and area.

Much of the shooting will be on the 14 state and federal waterfowl areas and the estimated 1,000 private clubs in the state. Hunters are reminded of deferred openings on the state's Gray Lodge Waterfowl Management Area and the Sacramento, Delevan, Colusa, Sutter, and Merced National Wildlife Refuges, which won't open until Oct. 21 because of late crop harvests in the areas.

Then, over the next few years you deposit regularly, until you have achieved your goal. Let's suppose you want to get a return of \$100 a month, perpetually. You decide to save at the rate of \$100 a month. In just 13 years and 10 months, at the current dividend rate, you can withdraw \$100 a month, indefinitely, without reducing your balance. JC prof authors feature

In an issue devoted to the growing pains of California, the current Saturday Review features an article by Chaffey College prof. Myron Roberts.

The Roberts piece, "The Making of a City," deals with the application of architect-planner William Pereira's concept for the development of the creative-functional community.

The projected community, located in fast-growing Orange County, is keyed to the University of California at Irvine with the blessings of the Irvine Ranch board of directors.

Roberts has articles appearing also in the October issues of Los Angeles Magazine ("Beyond Rebellion") and Campus Street ("Culture and Anarchy").

His book of essays, "Nation of Strangers," was published last year by W. H. Brown and Company.

The Chaffey College English instructor is visiting lecturer at California State College at Los Angeles.

SCE puts up funds for college

College scholarships and collateral grants totaling up to \$42,000 will be awarded again this year by Southern California Edison Company.

Edison President Jack K. Horton said six scholarships offering each winner \$4,000 for tuition and expenses, and collateral grants of up to \$3,000 to each private college attended by winners are offered in the Edison competition.

In announcing the ninth year of the Edison awards, Horton said the purpose of the program is two-fold:

"To help promising young students reach their educational goals and, at the same time, to give financial assistance to private colleges and universities."

The program is open to all high school seniors either living in, or attending high school in, Edison's service territory in central and southern California and a portion of Nevada, he said.

One \$4,000 scholarship will be awarded in each of the company's six geographic divisions. Winners may attend their choice of 25 participating private colleges and universities in the Southland.

Brochures describing the Edison program in detail are now available through high school counselors or at the nearest Edison business office.

All-States interest increases

The monthly meeting of the All States Picnic and Parade Inc. at the clubhouse at 310 West D St., Ontario, indicated increased interest in the projected projects for the coming year.

These include a giant rummage sale after the first of the year and a pre-Christmas fashion show for family ideas to be held the middle of November.

Mrs. Dewey Cable invited all persons interested in working with their home states organizations to attend the next monthly meeting at the clubhouse Oct. 24.

Rotary slates symposium at Cal Poly

Rotary International District 532 will hold a scholarship and exchange student symposium at California State Polytechnic College, Pomona on Saturday, Oct. 21.

Some 75 representatives from the 60 clubs in the district, bounded by the foothills on the north, San Bernardino and Covina on the east and west, and Fullerton on the south, are scheduled to participate, according to Oliver A. Batcheller, the district training chairman.

Batcheller is head of the Ornamental Horticulture department at Cal Poly, Pomona.

Rotary International contributes nearly \$3 million a year to its international service scholarship and exchange program.

Representatives will be told how to advance candidates for program consideration.

Asdel represents independent banks at conference

Wilson H. Asdel, president of the Inland Bank of Pomona, Claremont and Ontario is the independent bank representative at the 52nd

annual convention of the Bank Public Relations and Marketing Association in Denver, Colo., Oct. 8 to 12. The theme for the meet-

ing, said Mr. Asdel, is "Expanding Banks' Frontiers... Management Trailblazing." Meetings will be held at the Hilton Hotel.

The Stuff Shirt story:

Will the success of our \$2.95 dinners spoil Lucien Laliberte?

It's true... the big success of our \$2.95 family dinners was all his idea. (Lucien is manager of the Stuff Shirt Restaurant.) So, we prepared 7 scrumptious dinners. A different dinner for each day of the week. And our customers have been cheering wildly ever since. People have been coming from miles around.

But, Lucien Laliberte isn't one to let success go to his head. He still insists that the quality of food at the Stuff Shirt remain the best in town — even at \$2.95.

Bring the kids. Only \$1.95 for children under 12.

Veteran will direct Children's Theater

Albert D. Carrier, who got into theater as a hobby in 1899, and his latest project is director of the newly organized West End Children's Theater, which is rehearsing two afternoons weekly at Central School in Ontario.

Children's Theater was organized primarily to give children 6 to 13 an opportunity to develop their creative abilities through the theater.

Along with the announcement that the veteran would

ALBERT D. CARRIER

become director of the theater, word was released that Central School auditorium could be used for rehearsals for the next year, 4 to 5:30 p.m. each Wednesday and

Friday. Central is located at 415 E. G St., Ontario. Contact with the Theater group can be made at the school during rehearsals, or by calling Mrs. Louise Jagers, 984-5418 or Carrier at 622-2665.

As a child Carrier was introduced to the theater and had a few parts, and worked around the theater for many years, in the Minneapolis-St. Paul area, and even while working as a railroader maintained an active interest in theater.

He used to arrange lodge and club benefits and entertainment, and one group he used in one production back in the 1930's was well received. That trio later recorded "Ble Mer Bis Duchien" and became World War II era stars, the Andrews Sisters.

During his years in theater some of the greats and near greats he has been near include Charles Chaplin, Red Skelton, Eddie Cantor, Chancy Alcott, Texas Guinan, and Al Jolson.

The veteran of the theater sees children's theater as an opportunity for children to overcome their natural shyness, which will help them in class, inspeaking before groups anywhere, even if they do not blossom into stars of stage and television.

Carrier has kept his hand in theater while living in this area as a member and actor with the Garrick Players and Gallery Theater.

Here's how to mail men gifts overseas

The following periods have been designated for mailing Christmas parcels to members of the Armed Forces overseas:

- (1) Surface Transportation -- Oct. 16 to Nov. 11.
- (2) Space Available (SAM) -- Oct. 21 to Dec. 1.
- (3) Airmail -- Dec. 1 to Dec. 11.

"Space Available Mail" (SAM) applies to gift parcels weighing not more than 5 pounds and measuring not more than 60 inches in length and girth combined when addressed to the armed forces in Vietnam. SAM parcels will be provided air-lift service on a space available basis from the west coast even though prepaid at the surface rate.

The term "Armed Forces Overseas" includes person-

nel of the Armed Forces, members of their families, and U.S. civilians employed overseas who receive their mail through an APO, or FPO, New York, San Francisco or Seattle.

PACKAGING - All articles should be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fiberboard. All fiberboard boxes should be

securely wrapped in heavy paper which materially strengthens the package. Each box should be well tied with strong cord.

Sufficient cushioning material should be used to prevent any rattling or loosening of articles within the package. Unless tightly filled, boxes are likely to be crushed.

A flip showing list of con-

tents, and the name and address of sender and addressee, should be enclosed in the parcel. Forms 2966 or 2976-A, Customs Declaration, completed by the sender are required on parcels to many destinations.

PROHIBITED ARTICLES - In addition to the articles normally prohibited in the mail, matches of all kinds and lighter fluid may not be mailed to overseas military addresses. Cigarettes, other tobacco products, coffee, and various other items are prohibited in parcels addressed to some military postoffice.

POSTAGE - The domestic rates of postage are applicable, and postage must be fully prepaid. When fourth-class (surface parcel post)

or air parcel post rates are applicable, the zone rate from the post office where mailed to the post office through which the parcel is addressed will be charged. Airmail articles weighing not in excess of 8 ounces are chargeable at the rate of 8 cents per ounce.

ADDRESSING - Addresses must be legible and complete, and should be prepared by typewriter or pen and ink. All APO numbers have been changed to five digits which are identical to the ZIP CODE.

Postmaster John W. James urged postal customers who will be mailing to Armed Forces overseas to clip and save this article for reference.

Foothill hazard

Wessley requests help of drivers, students

Police Chief John Wessley has asked motorists and high school students to cooperate in eliminating a serious traffic hazard on Foothill Blvd. in the vicinity of Upland High School.

Students who cross Foothill Blvd. at locations other than Euclid Ave. or San Antonio Ave. are guilty of jaywalking and run the risk of being stuck by a vehicle.

Students should not be confused in thinking that Redding Way is a legitimate crosswalk. Students should not cross at Redding Way.

"In many instances," cautioned Wessley, "the jaywalker does not become personally involved in an accident, but he is the direct cause of many accidents."

Chief Wessley pointed out

that a previous appeal on this subject has had most gratifying results. "The majority of students have been most cooperative," said Wessley.

Motorists should exercise extreme caution in the vicinity of the high school especially during the time students are going to and from school.
